Welcome

Welcome to VENOUS2025, the 37th Annual Meeting of the American Venous Forum.

On behalf of the AVF Board of Directors, we would like to thank the entire Program Committee, and the AVF staff for their tireless dedication in helping execute an exciting and educational program featuring cutting edge science and experts from around the world. We are thrilled to be in Atlanta for the first time, a beautiful city with strong roots, steeped in history, and offering southern hospitality!! The meeting will be an opportunity to interact and network with peers as well as meet new colleagues and collaborators.

The theme of this year's meeting is: **Together for Venous Care**. It highlights patient care as the ultimate focus of the science, research, and collaborations that occur in the society.

The scientific sessions are theme-based (i.e., wound, lymphedema, health disparities, deep venous, superficial venous, VTE, etc.), with separate early programs for Advanced Practice Providers and Physicians-in-Training and Early Career physicians. New to VENOUS2025 are "The Doctor's Lounge" sessions. These are clinical case-based sessions led by a panel of international venous and lymphatic experts that will engage the audience in discussion and sharing of best practices and treatments. A dedicated session on collaboration for venous care will highlight the successes and barriers of bridging research efforts across multiple institutions. We have introduced a session on novel technology and emerging studies to bring to the audience innovations that are being developed and questions that are being addressed by clinical trials that are early in recruitment. Paired with the late breaking trials session, the last day of VENOUS2025 will bring the audience up to date on the latest developments in the venous world. Finally, you cannot miss the celebration of the meeting with a "Night of Southern Hospitality" to have fun and make new friends.

We will offer a hybrid model with both in-person and virtual options for attendance. We welcome all, but hope that you will join us in person as we celebrate the excellent research, clinical expertise, and collegiality that are hallmarks of the AVF Annual Meeting.

Welcome to Atlanta!

Agenda

MONDAY, FEBRUARY 17, 2025	
7:30 AM – 8:20 AM	Sponsored Breakfast Symposium <i>Windsor Ballroom DE</i>
8:30 AM – 10:00 AM	SESSION 3: IMPACT OF VENOUS DISEASE ON LIMB AND LIFE <i>Venetian Ballroom</i> <i>Moderators: Eric Hager, MD; Sheila N. Blumberg, MD, MS; Judith C. Lin, MD MBA</i>
8:30 AM – 8:38 AM	Venous Leg Ulcers Are a Marker of Worse Long-Term Survival in Patients with Chronic Venous Insufficiency <i>Ethan Chervonski</i>
8:38 AM – 8:46 AM	Comparative Outcomes Following Radiofrequency Ablation and Polidocanol Microfoam Ablation of Symptomatic, Incompetent Small Saphenous Veins <i>Mokhshan Ramachandran, MD</i>
8:46 AM – 8:54 AM	Prevalence of Depression in Patients with Chronic Venous Insufficiency <i>Eric Hager, MD</i>
8:54 AM – 9:02 AM	Transcriptomic Analysis of Venous Tissue in Varicose Veins Confirms Significant Differences in Multiple Inflammatory Pathways Involving Innate and Adaptive Immune Cells <i>Ulka Sachdev, MD</i>
9:02 AM – 9:08 AM	Patients with Acute Phlebitis Can Be Treated Safely with Great Saphenous Vein (GSV) Ablation <i>Moira A. McGevna, BA</i>
9:08 AM – 9:14 AM	Proximal Tumescence During Treatment of Saphenous Veins with Polidocanol Endovenous Microfoam (PEM) Provides Successful Ablation of Larger Veins and Predicts Reduced Microfoam Volume <i>John R. Fang, DO</i>
9:14 AM – 9:20 AM	Endovenous Welding: 5-year Experience of Using a New Thermal Method with Automatic Ablation Mode <i>Larysa Chernukha, Professor</i>
9:20 AM – 9:26 AM	A Systematic Review and Meta Analysis of Non-compounded Polidocanol 1% Endovenous Microfoam (Varithena) Ablation for the Treatment of Chronic Venous Insufficiency <i>Lowell S. Kabnick, MD</i>
9:26 AM – 9:32 AM	Staged or Simultaneous Varicose Vein Treatment After Saphenous Vein Ablation <i>Tomasz Urbanek, Professor</i>
9:32 AM – 9:38 AM	Hybrid Approach to Jugular Vein Decompression for Eagle Syndrome – A Case Series <i>Vashisht Madabhushi, MD</i>
9:38 AM – 9:48 AM	Invited Talk: Venous Cases That Shaped My Practice <i>Jose Almeida, MD</i>
9:48 AM – 9:58 AM	Discussion
10:00 AM – 10:30 AM	Break/Visit Exhibits <i>Windsor Ballroom ABC</i>
10:30 AM – 12:00 PM	VILLAVICENCIO: A WORLD WITHOUT BORDERS <i>Venetian Ballroom</i> <i>Moderators: Mark D. Iafrati, MD; Alvaro Orrego, MD, FACS</i>
10:30 AM – 10:38 AM	A Multi-Center Randomized Controlled Trial to Evaluate the Efficacy of Ultrasound-Guided Foam Sclerotherapy in Venous Leg Ulcers <i>Rashad A. Bishara, FRCS MS RPVI</i>
10:38 AM – 10:46 AM	Thigh Muscle Pump Serves the Function of a Flow Diverter Pump <i>Fedor Lurie, MD, PhD</i>
10:46 AM – 10:54 AM	Minimally Invasive Evaluation of Venous Leg Ulcers in an Outpatient Setting Using Rapid Evaporative Ionization Mass Spectrometry Coupled with a Carbon Dioxide Laser <i>Matthew Tan, MBBS BSc(Hons) MRCS AFHEA</i>
10:54 AM – 11:02 AM	Thermal Ablation of Truncal Veins is the Gold Standard <i>Lowell S. Kabnick, MD</i>

Agenda

MONDAY, FEBRUARY 17, 2025 (continued)	
11:02 AM – 11:10 AM	Adverse Reactions to Endovascular Treatment for Varicose Veins - Cyanoacrylate Closure vs. Thermal Ablation Kazuyo Sujino
11:10 AM – 11:18 AM	Is Sirolimus Effective in the Treatment of Slow Flow Venous Malformations? Mohammed Nadjib Bouayed, PhD
11:18 AM – 11:26 AM	Clinical Experience And Outcomes In ASV Reflux Treatment: A 20-Month Single Centre Analysis Suhas S. Gowda, MCH, DNB, FEBVS

Healthy Veins
for Healthy Life

The American Venous Forum believes every patient deserves the best vein and lymphatic care.

Every day, we educate physicians & patients, advocate for appropriate patient care and support research to improve this care.

Patient lives improve when physicians are empowered to provide the best care possible!

Your charitable donation will help increase education and awareness of venous disease among healthcare professionals.
